6825 16th Street
Washington, DC 20307-5001

Dear Mr. Phillips:

On June 6 and 12, 2007, I conducted aerial surveys for gypsy moth-caused tree defoliation at the Walter Reed Army Medical Center, Forest Glen and Glenn Haven Sections of Walter Reed Army Medical Center. I am pleased to report that no defoliation was detected at, or in the vicinity of, your sites.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2008, please contact Brad Onken (304) 285-1546 or me (304) 285-1555 before August 24, 2007.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

RODNEY L. WHITEMAN
